

BERETTA

92X Compact - 9mm

The Beretta 92X Compact pistol extends the 92X family to a concealed carry-friendly size. The 92x Compact utilizing the reliable mechanism of the venerable 90 series family is an accurate and reliable double/single action pistol. Its new features range from the universal slide design, which is convertible from a safety-decocker to a decocker only configuration, to the standard Vertec style straight backstrap, from the oversized magazine release button to the removable sights. Beretta has created with the 92X a coming-together of all of the most desirable features that today's professional users prefer in a do-it-all pistol.
